

**DISCOVER THE BENEFITS AND
METHODOLOGY OF TOTAL
INTRAVENOUS ANAESTHESIA (TIVA)!**

TIVA offers superior control over anesthesia depth, reduced postoperative nausea and vomiting, and faster and stress-free recovery compared to inhalation anesthesia.

It minimizes environmental pollution and provides a safer option for patients with respiratory issues, neurosurgery and awake craniotomy. Avoids malignant hyperthermia.

India is ushering to the era of TCI -TIVA with the impending availability of Remifentanyl.

Low dependency TIVA, versatile with less instrumentation, can be administered easily and quickly at low cost. It is useful for short procedures with a spontaneously breathing patient without any airway intervention; or intubated and ventilated for a prolonged procedure.

Join our workshop to master TIVA techniques and elevate your anaesthesia practice.

PROGRAMME

08.00- 08.30 REGISTRATION

1. Overview of Total Intravenous Anaesthesia (30 Min.)	Dr. Davies C.V., Prof. of Anaesthesia, Jubilee Mission Medical College, Thrissur
2. TIVA drugs (30 Min.)	Dr. Mariam Koshi Thomas, Prof. & HOD Jubilee Mission Medical College, Thrissur

09.30- 10.00 INAUGURAL FUNCTION, FOLLOWED BY TEA

3. Pharmacokinetics of IV agents, PK Models (30 Min.)	Dr. Subramanyam Mahankali, Senior consultant, Aster, Bengaluru
4. Assessment of Depth of Anaesthesia monitoring (30 Min.)	Dr. Dheeraj Masapu, Chief of Neuro Anaesthesia, Aster Bengaluru
5. Setting up a TCI pump and DOA Monitors (30 Min.)	Dr. Prasanna Bidkar, Professor and Head of Neuro Anaesthesia, JIPMER Pondicherry
6. Pitfalls of TCI & DOA (30 Min.)	Dr. Jithendra T., Chief of Neuro Anaesthesia & Critical care, Aster, Kochi
7. TIVA in Pediatrics (30 Min.)	Dr. Ramesh S, Senior Consultant Paediatric Anaesthetist, Chennai

12.30- 13.30 LUNCH

8. Demonstration- TCI pumps, DOA monitors (40 min)	
9. Low Dependency TIVA (30 Min.)	Dr. Davies C.V.
10. TIVA in Neurosurgery (30 Min.)	Dr. Dheeraj Masapu
11. Upcoming Advances in TIVA (30 Min.)	Dr. Jithendra T.
12. Quiz (to all participants for self-assessment in Kahoot platform, prizes to PG toppers) (30 Min.)	Quiz Master Dr. Subramanyam Mahankali
Vote of Thanks	Dr. Smitha Thomas

16.00 TEA
